

## Technical Specifications

| ① Motor            |               |
|--------------------|---------------|
| 01. Phase          | 3             |
| 02. Connection     | Star-Delta    |
| 03. Poles          | 4             |
| 04. Speed          | 1440 rpm      |
| 05. Rated current  | 2.3/3.9 A     |
| 06. Power          | 1.12KW/1.6KVA |
| 07. Supply Voltage | 415/22015VAC  |
| 08. Power Factor   | 0.7           |
| 09. Frequency      | 50/60Hz       |
| 10. Enclosure      | TENV          |
| 11. Duty Type      | S4 15% 10mins |

| ② Thermal Switch   |                     |
|--------------------|---------------------|
| 01. Type           | Normally Closed(NC) |
| 02. Temp Set Value | 110°C±5°C           |
| 03. Supply Voltage | 24V DC              |
| 04. Current        | 2A                  |
